Response to a non-final Office action under 37 C.F.R. 1.111

Summary of the prosecution

20 Applicants received a restriction requirement in the above application to which Applicants
 responded by electing claims 1-8 and 25-32 with traverse. Examiner persisted in her restriction
 requirement and mailed a non-final Office action in the above application in which she rejected
 elected claims 1 and 25 under 35 U.S.C. 112, 2. paragraph as vague and indefinite and claims 1-
 8 and 25-32 under 35 U.S.C. 102 as anticipated by U.S. published patent application US
25 2004/0120250, Langevin, et al., *Trouble-ticket generation in network management environment*,
 filed 12/20/02 (henceforth "Langevin"). Applicants have amended their independent claims 1
 and 25 to overcome the rejection under 35 U.S.C. 112, 2. paragraph and to prevent any
 interpretation of the claims which would provide a basis for their rejection as anticipated by
 Langevin and are traversing the rejection.
